

# Our Place:

Want to jump back into work or study after kids?

Come and join us for coffee and some adult conversation about where to next...Work with Manna Gum teachers to jump some hurdles and explore some issues we all face!

We cover a wide range of topics each term, from legal matters to finance, finding a TAFE that fits, family health and current affairs.

If you have a small business idea or are looking for work we can help too.

Regular guest speakers and connections to upcoming events and classes too.

Parents with preschoolers can enjoy our early childhood sessions run at the same time at the school.

**Wednesdays 10-12 @ Toora Primary  
School Term 3.**

WHAT I THOUGHT PARENTING  
WOULD LOOK LIKE...

WHAT IT'S LIKE.

**The Cups On Cups Off** course has been designed for all people who milk cows, whether they be owner/operators, family members, employed staff, sharefarmers, relief milkers, or herd owners/managers - because the need for best practice in the dairy is the same for all!

The course runs over one and a half days, including either an on-farm or an audio-visual practical training session, and comprehensively covers all the requirements to achieve best practice in milk harvesting as well as the detection and treatment of clinical cases of mastitis.
